PROFILE

Hi, I'm Numan Akram, a Full-Stack Web Developer with 5 years of hands-on experience. I specialize in creating modern, responsive websites and custom web applications. My expertise includes HTML, CSS, JavaScript, React.js, Node.js, SQL, Social Media Marketing and more. I've worked on a variety of projects, from business websites to complex software systems. I focus on clean code, performance, and user-friendly design. As a married professional, I value trust, commitment, and long-term collaboration.

WORK EXPERIENCE

Infinity Tech Solutions

2023 - 2025

Senior Web Developer

- I worked as a Senior Web Developer, leading projects from concept to deployment. My role involved full-stack development, team collaboration, and performance optimization. I built responsive, user-friendly web applications using modern frameworks and tools. This experience enhanced my leadership, coding efficiency, and problem-solving skills.

Securehops Pvt Limited

2020-2022

Custom Software Development

- I have hands-on experience working in a Custom Software Development company. I've developed scalable, client-specific software solutions from planning to deployment. My role involved full-stack development, database management, and API integration. This experience strengthened my skills in delivering efficient and tailored software products.

Mind Mesh Technologies

2024 - 2025

Marketing Manager & Specialist

- Develop and maintain strong relationships with partners, agencies, and vendors to support marketing initiatives.
- Monitor and maintain brand consistency across all marketing channels and materials.
